78 responses

5. The sessions were conducted at all acceptable speed and manner

78 responses

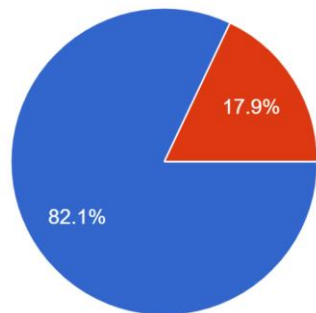

6. The contents of the sessions were useful

78 responses

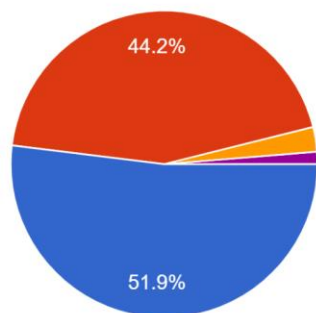

7. The sessions were clear and interesting

78 responses

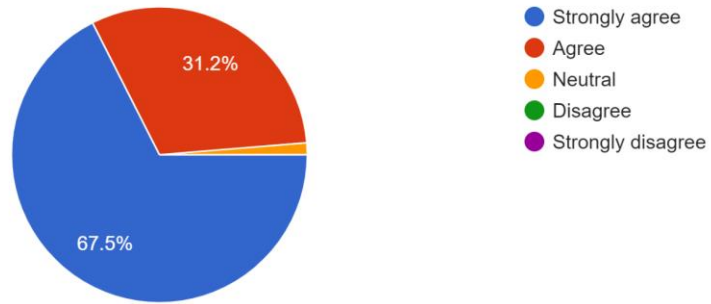

8. The audio and visual connection was good

77 responses

9. The sessions covered according to my expectation

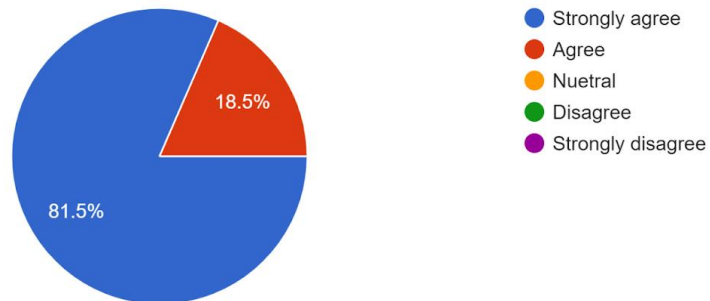

77 responses

Title of the Session: Interactive session by Probationary lecturers

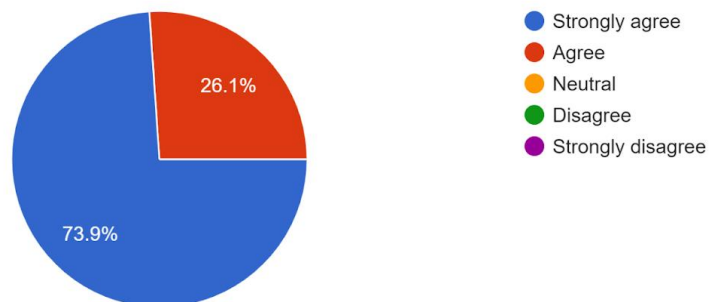

1. The orientation session helped to improve my knowledge

92 responses

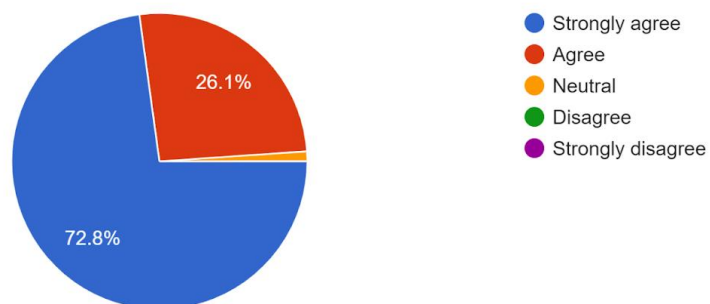

2. The resource person was confident in conducting the session

92 responses

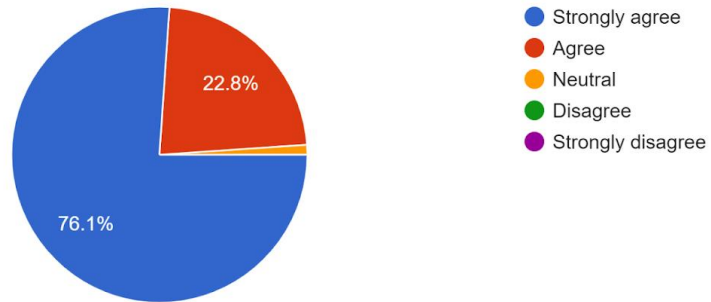

3. The methods of conducting the session adopted were good

92 responses

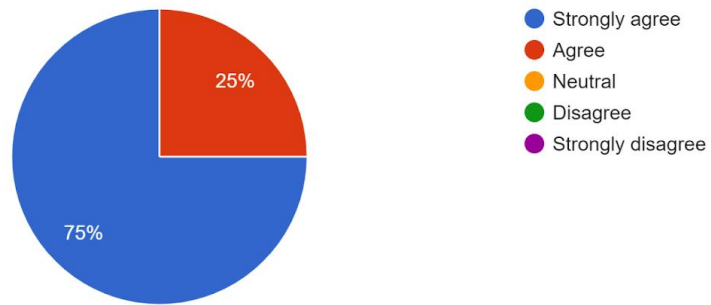

4. The material used in the session were effective

92 responses

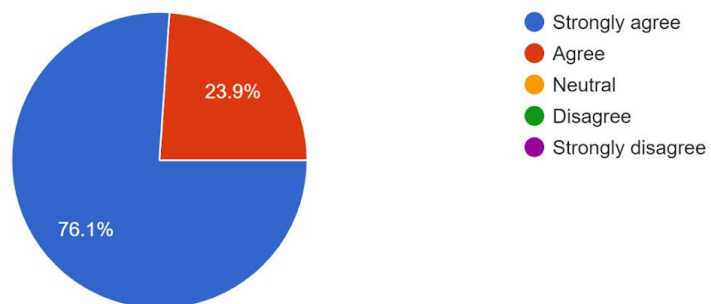

5. The session was conducted at all acceptable speed and manner

92 responses

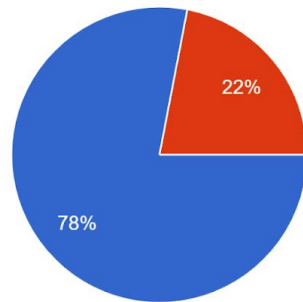

6. The content of the session was useful

92 responses

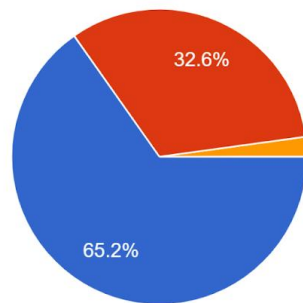

7. The session was clear and interesting

91 responses

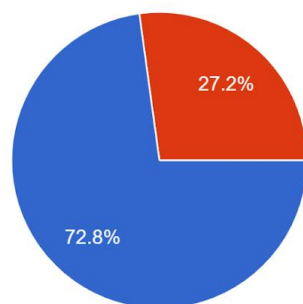

8. The audio and visual connection was good

92 responses

9. The session covered according to my expectation

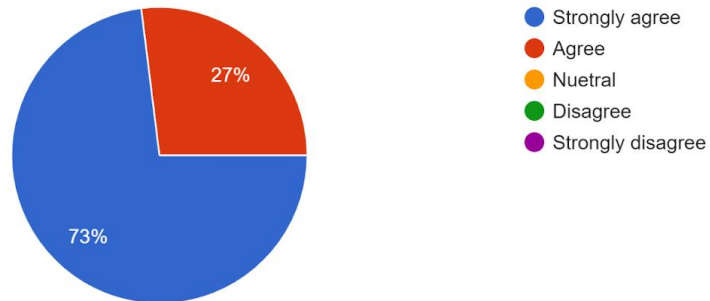

92 responses

Title of the Session: Introduction to Library

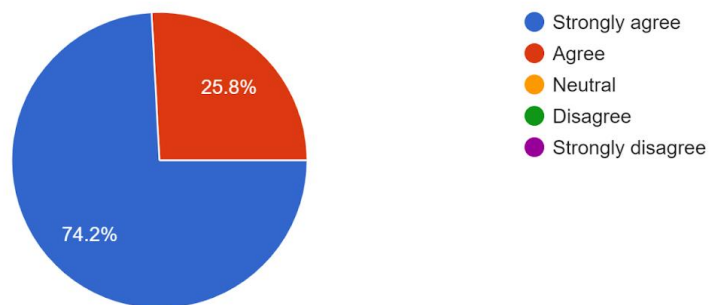

1. The orientation session helped to improve my knowledge

89 responses

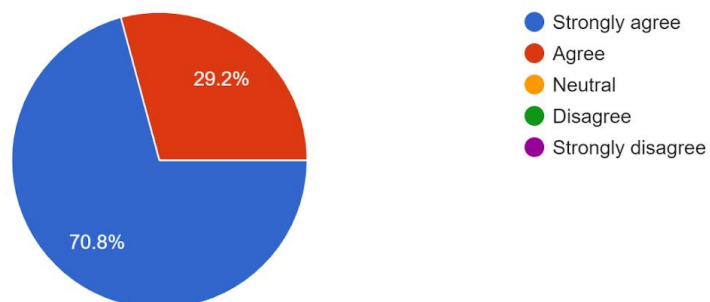

2. The resource person was confident in conducting the session

89 responses

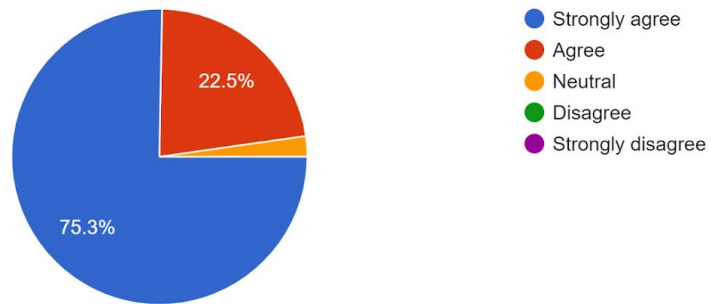

3. The methods of conducting the session adopted were good

89 responses

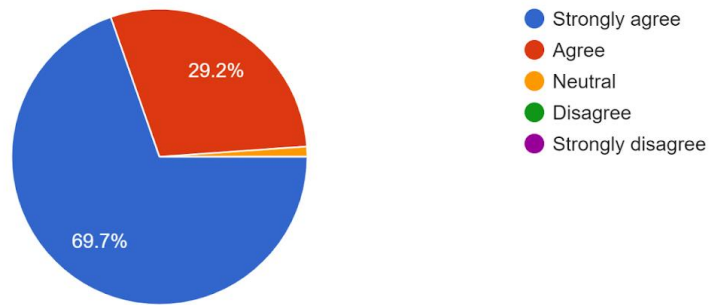

4. The material used in the session were effective

89 responses

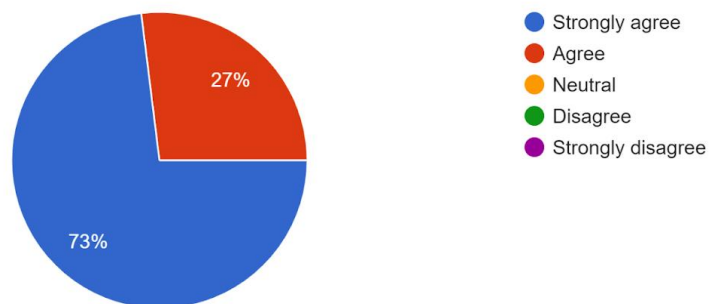

5. The session was conducted at all acceptable speed and manner

89 responses

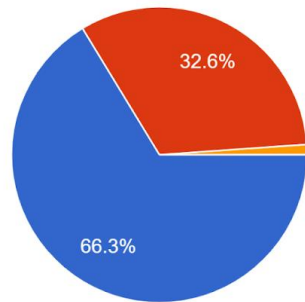

6. The content of the session was useful

89 responses

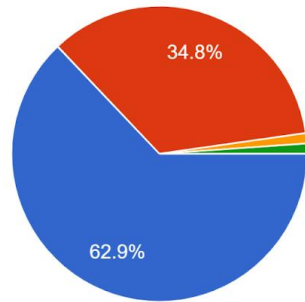

7. The session was clear and interesting

89 responses

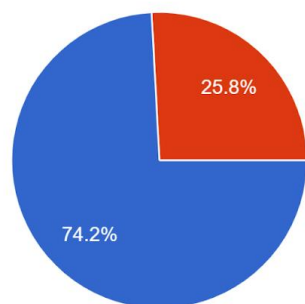

8. The audio and visual connection was good

89 responses

9. The session covered according to my expectation

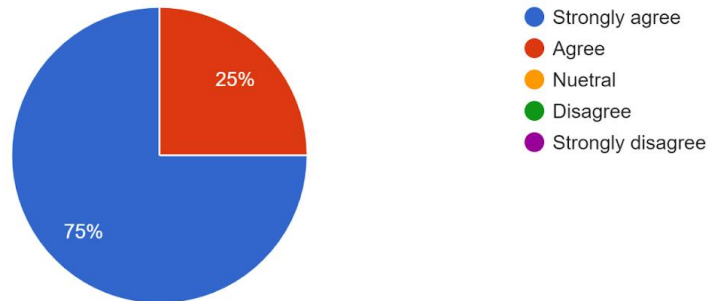

89 responses

Title of the Session: Introduction to University of Colombo

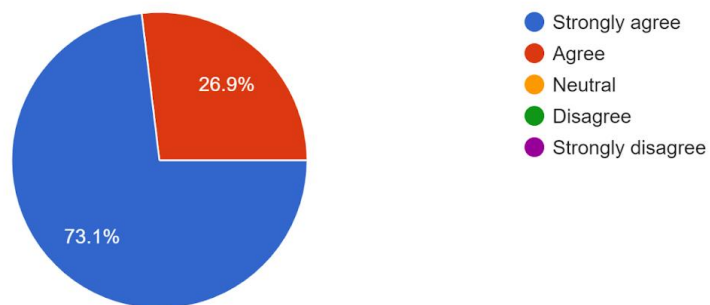

1. The orientation session helped to improve my knowledge

52 responses

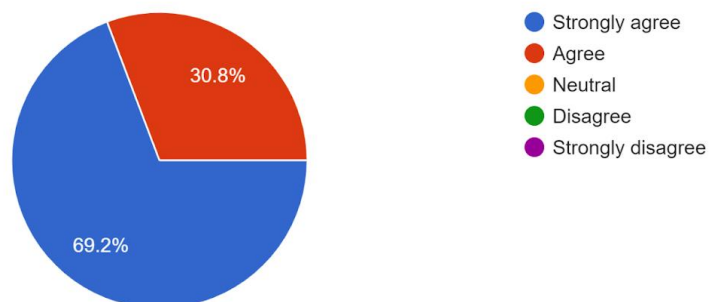

2. The resource person was confident in conducting the session

52 responses

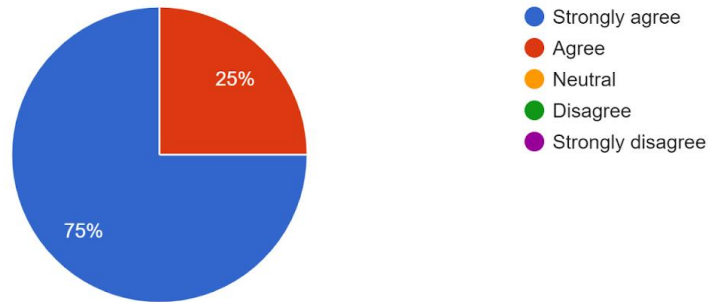

3. The methods of conducting the session adopted were good

52 responses

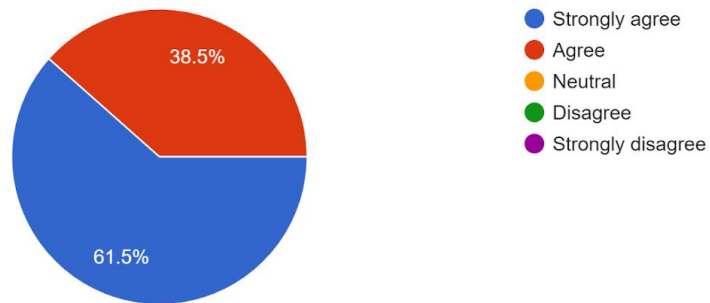

4. The material used in the session were effective

52 responses

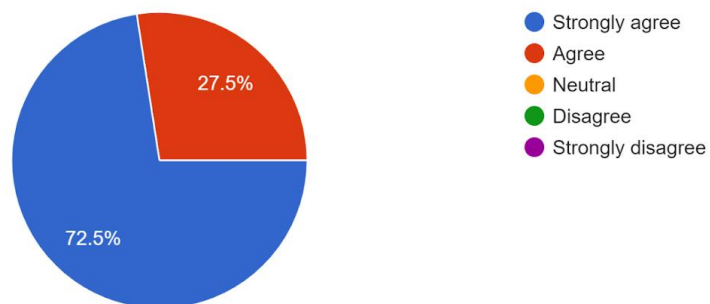

5. The session was conducted at all acceptable speed and manner

52 responses

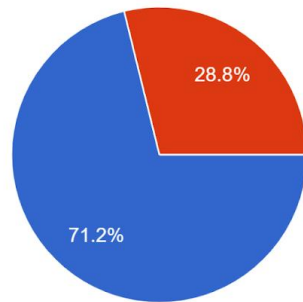

6. The content of the session was useful

51 responses
